

## IF YOU DIDN'T EXPECT IT, REJECT IT DON'T CLICK UNEXPECTED LINKS

**THE TRAP:** You receive an unexpected email that claims to be from the "Help Desk" or someone you know telling you it's urgent, that you must click a link or log in or open a file to prevent problems with your account.

**YOUR DEFENSE:** Be skeptical of any email messages you aren't expecting. Password thieves may insist that immediate action is necessary and may pretend to be a friend or some other trusted entity. Don't let these tactics trick you into letting down your guard. It is very likely a scam.
