

# Model NM-1 Custom Hot Lab

Ludlum Measurements, Inc.

## Introduction

The Ludlum Custom Hot Lab Package is designed to provide the user with the equipment and accessories needed to start and operate a Nuclear Medicine facility. Whether you require only a few instruments and products or a complete radiation monitoring, QA, shielding and lead-lined cabinetry set up, we can provide the package that will best meet your needs.

Please contact your Ludlum representative for questions regarding the list of products you require.
