

## Model 3000 Series Options

### Lumic Calibration Kit (PN 4498-1018 [Gen. 1], PN 4519-563 [Gen. 2])

Includes Lumic Calibration Software and required cable. Lumic Calibration Software allows the user to read and write important instrument parameters and to stream current instrument readings via a USB port.

### Lumic Data Logger Kit (PN 4498-1019)

Includes Lumic Data Logger Software and required cable. Lumic Data Logger Software allows the user to view and change instrument data log parameters and to read and save data log records.

### Bluetooth® (PN 4498-1024 [Gen. 1], PN 4519-564 [Gen. 2])

Allows the user to wirelessly connect to the instrument with an Android or iOS mobile device. Requires Lumic Linker app, which is available for download in the Google Play and Apple App Stores. Not available for all models, see table below.

### RS-232 Serial Port (PN 4519-490 [Gen. 1], PN 4519-594 [Gen. 2])

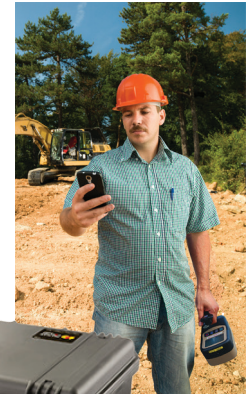

Adds a true RS-232 serial port connector. Not available for all models, see table below.

### TTL Serial Port (PN 4519-155 [Gen. 1], PN 4519-595 [Gen. 2])

Adds a TTL 3.3 V serial port connector. Available modes are instrument dependent. Not available for all models, see table below.

### Headphone Jack (PN 4498-555)

Adds a headphone jack to the instrument. Headphones are available separately (PN 22-9313).

### Shoulder Strap (PN 4498-868 [all models except 3006], PN 4519-246 [3006 only])

1.8 m (6 ft) adjustable nylon shoulder strap. Requires instrument case modification.

### Case (PN 2312958)

Rugged, foam-padded, padlockable case that provides water- and dust-proof protection. Fitted with a manual pressure relief valve for air transport. (Not compatible with all instruments, see table below.)

### Data Logging Handle (PN 4498-428)

Retrofits legacy instruments supplied without the data logging handle with the required firmware and a replacement handle incorporating a data logging button.
