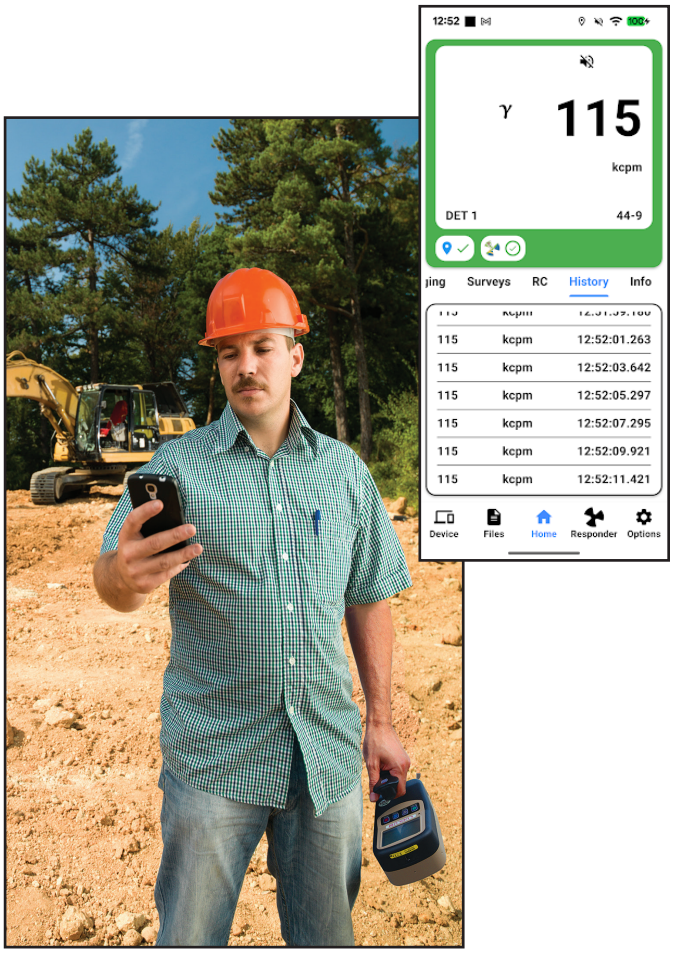
LUDLUM MEASUREMENTS, INC.

Model 3000 Series Bluetooth® LE Option
For Wireless Data Transmission



Features

- Enables Wireless Streaming of Live Instrument Readings
- Up to 30 m (98 ft.) Operating Distance

Introduction

The Model 3000 Series Bluetooth® LE Option allows the user to transmit readings from certain Ludlum Model 3000 Series survey meters to a mobile device using Bluetooth® wireless technology. Via the Ludlum Lumic Linker App (available for free for Android and iOS devices), users can remotely monitor live data, remotely operate the instrument controls, log data, and send data to the RadResponder Network. See our website for more information about the capabilities of the Lumic Linker App.

Instrument Compatibility
